

## **SEVEN CIRCLES OF LIFE**

THE DAYS OF OUR YEARS ARE THREESCORE YEARS AND TEN, AND IF BY REASON OF STRENGTH THEY BE FOURSCORE YEARS, YET IS THEIR STRENGTH LABOUR AND SORROW, FOR IT IS SOON CUT OFF, AND WE FLY AWAY. PSALM 90:10

## CIRCLE ONE {0-10 years}

| Everything we learn is first  | filtered through the                          |
|-------------------------------|---|
| : parer                       | ntal. As we grow, we are introduced           |
|                               | de the realm of the nuclear and               |
| fam                           | aily through our exposure to society and      |
|                               | prities such as pastors, teachers, doctors,   |
| policemen, government offi    |   |
| We are shaped by our          | and   |
| of these relationships. Our   | challenges are to master the qualities of     |
|                               | , both in the form of                         |
| core values on which our w    | hole character sits.                          |
| <u>*Challenges:</u>           | Obedience and Respect for authority           |
| CIRCLE TWO                    |   |
| {11-20 years}                 |   |
| This second circle is         | in navigating between                         |
| the primary parental relation | onship and all other secondary relationships. |
| The pull to                   | in order to be                                |
| is enormous, and the          | of personal choices                           |
|                               | can have lasting consequences.                |

| Self-discipline is the result of  | temptation during                                    |
|---|--|
| this formative time.  |  |
| There is not a replacement for those who love us have set in place                        | the boundaries<br>e.                                 |
| Honorable required in loyal a   |  |
| *Challenge  | : self –discipline                                   |
| CIRCLE THREE {21-30 years}  |  |
| The third circle is generally when profession or trade occurs, and the begins in order to | e search for purposeful employment                   |
| This circle may include   | and  |
| Practicingform required in  | the foundation for the patience                      |
| <u>*Challenge</u>   | : Responsibility                                     |
| CIRCLE FOUR {31-40 years}   |  |
| family, buying a house or even goi For wo   |  |
| not being able to do so if they rem   | ain single.  |
| Being able to juggle all the of adult   | of life is essential asts whether married or single. |

| Exercising responsibility and authority requires   |
|--|
| Honoring God means thatto Him frees us to put time with Him , our families, and our church above all otherin order to keep what is most precious.  |
| *Challenge: Balance, maintaining priorities and boundaries.  |
| CIRCLE FIVE {41-50 years}  |
| Maintaining relationships is crucial to this circle.   |
| Marriages can be lost to theof parenting, as parents find themselves working feverishly to their children through high school, college, and their own journey toward independence.   |
| Exercising, which is the product of practicing the other learned in previous circle, produces Faithfulness sustains marriages and all other relationships.  **Challenge: Faithfulness*   |
| CIRCLE SIX {51-60 years}   |
| At some point, the issue ofbecomes real, and we have to consider what we will leave to those who follow.  This revelation means there has to be a moment during which we make room for those who are up and coming, whether our own children or grandchildren, our mentees, or others who are walking beside us. |

\*Challenge: Selflessness

## CIRCLE SEVEN {61-70 years}

| This circle is fraught with all the bi       | ological and psycl   | hological changes  |
|--|----------------------|--------------------|
| that come withand                            |                      | from the           |
| workforce.                                   |                      |                    |
| We may address those things we w             | vould have liked to  | o have done, but   |
| didn't. Others of us may find ourse          |                      |                    |
| returning home, raising grandchild           | • • • •              |                    |
|  |                      |                    |
| or experiencing personalto continue with     | and                  | in whatever        |
| circumstances we find ourselves. Fendurance. | Practicing selflessr | ness helps produce |
| <u>*Challeng</u>                             | <u>e: Endurance</u>  |                    |
| Notes  |                      |                    |
|  |                      |                    |
|  |                      |                    |
|  |                      |                    |
